

HEALTHCARE ANALYSIS HOMEPAGE

The analysis page provides information about important KPIs such as:

- Number of Doctors
- Number of Locations
- Total Patients
- %female patients
- Average age of patient and which age group goes max to doctors

The page also includes charts and tables that show:

- Number of doctors by location and specialty
- Top 5 Doctors having number of Patient visit
- Number of patients by location
- Number of doctors by specialty

The second page is the monthly analysis page, which contains data on patient visits by year and month, such as:

- Monthly change in patients visits
- Number of patients by age group
- Top 5 patients by visiting times
- Top 5 Diseases codes by which patients were diagnosed

The data can be sliced by location and month-year using filters on the page.
